Child Rights and You UK registered as a charity as on May 1st, 2007 with the Charity Commission. The charity's registration number is 1119026. The charity is governed by its Memorandum and Articles of Association dated November 14th, 2005 as amended by special resolution dated January 25th, 2007. The company is limited by guarantee (company registration number 5621889) and does not have share capital. The liability of the members is limited to £10 each.

Governance and Management

The charity has trustees that are based in UK and India. Administrators of the charity support the trustees. The trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the aims and objectives, planning future activities and setting the grant-making policy for the year.

Selection, Appointment and removal of Trustees

Prospective trustees are recommended and interviewed by the current board to assess their particular interests, skills, experience, area of expertise and their potential contribution. Background research is undertaken on the potential candidates' reputation, credibility and suitability. Appointment is approved by all members of the board of trustees.

New trustees are encouraged to familiarise themselves with the Memorandum and Articles of Association, the policies, aims, objects and projects of the charity. They are briefed on the charity's business plan and recent financial performance.

If a trustee is unable, unwilling or no longer suitable to act as a trustee, the board may require that he/she resign from office.

OBJECTIVES AND ACTIVITIES

Objectives of the charity for the public benefit

The charity's objects are to relieve the needs of socially and economically disadvantaged children in order to improve their condition, especially children in India or of Indian descent.

- To be a voice of authority on child rights and the situation of children in India.
- To empower marginalised communities and enable them to build a sustainable future for their children.
- To be a catalyst for change for individuals, civil society and government policy to transform the situation of children in India
- To ensure basic rights to survival, protection, development and participation to all children in India.

Child Rights and You UK

TRUSTEES' ANNUAL REPORT for the year ended 31 March 2014

Activities for public benefit

CRY UK strongly advocates for every child's right to a childhood - to live, to learn, to grow and to play. It is alarming to know that every day millions of children in India are denied these basic rights. They are forced to work as labourers to support their family's income, girls become brides and even mothers much before the age of 18, and a growing number of children are trafficked, abused and exploited every day.

It is under these grim circumstances that CRY UK seeks to restore to children their lost childhood. CRY UK does not believe in short term relief provision. We believe that children are rightful citizens and that it is the responsibility of the government and society at large to ensure that children in India are guaranteed nurturing and development.

To make this belief a reality, the organisation, along with its grassroots NGO partners in India, works with parents and communities to find long term solutions to the causes of deprivation (such as non-functioning schools, unemployed parents, non-availability of healthcare etc.) that leave children vulnerable, and without hope.

CRY UK therefore aims to bring about a sustainable or Lasting Change in children's lives such that we impact generations of children and don't just offer temporary solutions.

CRY UK's key activities are to:

- a) raise awareness about the situation of children in India
- b) mobilise public support in the UK for children in India
- c) raise funds for local grassroots projects in India who work towards sustainable development

We do this by engaging people and organisations in championing children's rights. We channel the time, money and goodwill of thousands of individuals to grassroots level organisations in some of the most deprived parts of India.

We work closely with CRY, our partner in India that has over the past 34 years developed highly effective systems for selecting, planning, monitoring and evaluating such interventions. CRY UK operates with impeccable standards of trust, transparency, equality and accountability. We report periodically to all our supporters, donors and volunteers, on the progress of each of the initiatives we support.

ACHIEVEMENTS AND PERFORMANCE

This was a challenging year for CRY UK because of a severe manpower shortage. We were unable to recruit a fundraising team till the end of the year and this impacted our performance. As a result, the number of fundraising events was limited, though we managed to raise funds through our individual and corporate donors

In 2013-14 we raised funds through 3 income streams; individual donations, corporate engagement and event fundraising in a limited way. This helped us raise funds for the two projects we support in India; Project Jago in Jharkhand in East India and Project Gram Swaraj Sangh in West India.

This year as always volunteers played a very important role to help organise the two sports events; CRY Corporate Cricket Challenge and the CRY Football Tournament. This was the 9th year for the cricket challenge and the 1st year for the football tournament. Both have become annual events for CRY UK.

FINANCIAL REVIEW

CRY UK disbursed £ 20,611 to the two projects it has adopted; Project Jago and Project Gram Swaraj Sangh (GSS) thereby impacting the lives of 22,174 children across 185 hamlets

Donors adopted hamlets at Projects GSS to ensure that the children in these hamlets receive every form of support, be it through education, healthcare or infrastructure. Aviva's contribution to Project Jago for the third year was directly disbursed to the project to support children in this project

Over and above this, CRY UK also disbursed funds towards Uttarakhand Relief work where heavy rains and floods led to loss of lives and property. Relief supplies were rushed to the areas where CRY projects operate. One of the primary rehabilitation objectives was to provide children with a safe space to overcome their trauma while their parents went out

Child Rights and You UK

TRUSTEES' ANNUAL REPORT
for the year ended 31 March 2014

to rebuild their lives. Action centres to help children have been set up for this in Uttarakhand by project partners.

CRY India has provided us with in kind support to the tune of £13,483 in the form of shared services such as creative agency support and advertising /online promotion. These costs are a fraction of their real costs because of the economies of scale that we derive from sharing services with CRY India. This support from CRY ensured that the funds raised from various donors could be used to support children in the two projects

Looking Ahead

We have recruited a strong fundraising team to ensure that work can go ahead as planned. We have concrete plans for the coming year, which would include a mix of small and big events, payroll giving, corporate partnerships, individual donations as well as applying for grants.

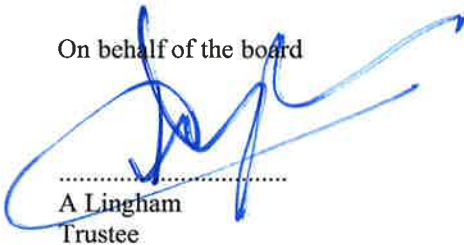

We will continue supporting the two projects, GSS and Jago in the coming year. Project Jago has set a 100% immunisation target for children and pregnant women, to ensure that all children get the right start to life. Education will continue to be a focus for both Jago and GSS, this would include re-enrolment of children who have dropped out of school for various reasons. Improve school infrastructure by ensuring potable water, clean toilets, including separate toilets for girls. Strengthening of children's collectives is part of the plan, as this is a forum where children can voice their concerns and also interact with children from various villages and get empowered.

To strengthen the CRY UK board, Akila Lingham, who has over 20 years of experience in the private, public and the NGO sectors has joined us as trustee.

We start the next year with a strong, effective team and are very excited about the plans for the coming year. We hope to steadily build our supporter base through fundraising and advocacy initiatives such that we have far reaching, sustainable impact on the lives of underprivileged children in India.

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

On behalf of the board

Independent Examiner's Statement

In connection with my examination, no matter has come to my attention:

UNAUDITED ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards, the Statement of Recommended Practice "Accounting and Reporting by Charities" issued in March 2005 (SORP 2005) and the Companies Act 2006.

GOING CONCERN

The Trustees have considered whether the funding position of the charity constitutes a material uncertainty that may lead to significant doubt about going concern. The charity is reliant upon voluntary donations in any year. The Trustees are firmly committed to support the charity and to ensure that it is able to execute its full programme going forward. As such, the Trustees have concluded that with present funds, predicted future income and committed expenditure, the charity will be in a position to execute its full planned programme over the coming twelve months. They have therefore prepared the accounts on a going concern basis.

CASH FLOW STATEMENT

The charity is exempt from the requirement to publish a cash flow statement as it qualifies as a small charity.

FUNDS

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Restricted funds are subjected to restrictions on their expenditure imposed by the grant received.

RESOURCES EXPENDED

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accrual basis and had been classified under headings that aggregate all costs related to the category.

Costs of generating funds are those costs incurred in attracting voluntary and fundraising income.

Grants payable are charged in the year when the offer is conveyed.

Governance costs include those incurred in the governance of the charity and its assets and are primarily associated with constitutional; and statutory requirements.

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources.

FIXED ASSETS

Tangible fixed assets costing £100 or more are capitalised at cost and are carried at cost net of depreciation and any provision for impairment.

DEPRECIATION

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Equipment - 25 % on cost.

Child Rights and You UK

UNAUDITED ACCOUNTING POLICIES (Continued)

INCOMING RESOURCES

All incoming resources are recognised once the charity has entitlement to the resources, it is certain that the resources will be received and the monetary value of incoming resources can be measured with sufficient reliability.

CORPORATION TAX

VAT

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

GIFTS IN KIND

Where services are provided to the charity as a donation that would normally be purchased from a supplier, this contribution is included in the financial statements at an estimate based on the value of the contribution.
